

METALS WE DO NOT ACCEPT

UNACCEPTABLE MATERIALS

- Compressed Gas Cylinders – Unless Punctured and Gas Evacuated
- Radioactive Materials
- Household, Organic, Industrial or Medical Waste
- Asbestos
- Closed Containers, Barrels, Drums, that have not been Punctured and Triple Rinsed
- Fracking Pipe
- Aerosol Cans
- PCB Contaminated Material
- Fire Extinguishers with Discharge Mechanisms not removed
- Brake Pots
- Live Ammunition, Weaponry
- Motors that are not Drained
- Light Fixtures with Ballasts
- Ceramics
- Razor Wire

UNACCEPTABLE HAZARDOUS MATERIALS

- Aerosols
- Propane, Compressed Gas Cylinders not punctured or with gas inside
- Fire Extinguishers not punctured & evacuated
- Hydraulic Jacks
- Hydraulic Cylinders
- Torque Converters
- Gas Tanks without fluids removed
- Brake Pots
- Ammunition
- Fracking Pipe
- Closed containers, barrels, drums not punctured & triple rinsed
- Sealed, Airtight Rolls/ Pipes/Drivelines
- Household, Organic, Industrial Or Medical Waste
- Shock Absorbers
- Light Fixtures with Ballasts and/or Bulbs Still In Place
- Razor Wire
- Large Storage Units, Mud Tanks, Vessels, Compressors, Closed Electrical Units, Motor Housing, and Generating Units
