Generator's Certification

I understand that it is the responsibility of the Generator or Generator's Authorized Representative to determine the characteristics of the Waste material and its proper classification. I hereby certify that the Waste material complies with all federal, provincial and local laws and regulatory criteria, and is acceptable material for landfill at the above selected SECURE landfill. Additionally, I hereby indemnify SECURE and save it harmless from and against any claims, actions, damages, liabilities and expenses including lawyers and other professional fees, in connection with the loss or injury whatsoever arising from or out of any inaccuracy or untruthfulness in the information provided herein. I further agree that this Generator's Certification section shall survive the expiry or termination of any Agreements entered into between SECURE and the Generator.
